## Marketing tool:

Our marketing tool tab will help you to generate your product or category link. You can copy any product link from Wholesale Shopping, past it in the product page link box, it'll automatically generate a referral link. You can copy that link and can get the commission by referring this link as well.

The screenshot shows the 'Marketing Tools' section of the Wholesale Shopping website. At the top, there's a navigation bar with 'Home', 'Marketing Tools' (highlighted), 'Payments', 'Settings', and 'Logout'. Below the navigation bar, there are three main tabs: 'Product Links', 'Commissions', and 'History'. The 'Product Links' tab is active, showing a form to generate an affiliate link. The form has a text input field labeled 'Paste product page link' and a button 'Copy'. To the right of the input field, there's a button 'Copy your auto generated Product or Collection link'. Below the input field, there's a section 'Share this link on your blog, Facebook, Instagram, etc. When people visit the store using your link, you get commissions on everything they buy'. Below this, there's a 'History' section showing a list of products and their corresponding affiliate links. The products listed include 'Shaggy Faux Fur Jacket', 'Wholesale Women Footwear', 'Italian Christmas Reindeer Hood Top', 'Italian Neck Trim Sparkle Tunic', 'Wholesale Plain Clitter Drawstring Trouser', and 'Italian Plain Fine Knit Ribbed Cowl Neck Jumper'. Each product entry shows the product name, a 'Whatsappsvg10Scaletick mark' logo, and the affiliate link.
